

SEG Foundation

Developing a New Generation of Economic Geologists

Mission: *“Promote the science of economic geology by funding education, research, publications, student support and other programs endorsed by the Society of Economic Geologists”*

Student Program Support

- Graduate Student Fellowships
- Student Research Grants
- Student Field Trips and Other Student Grants

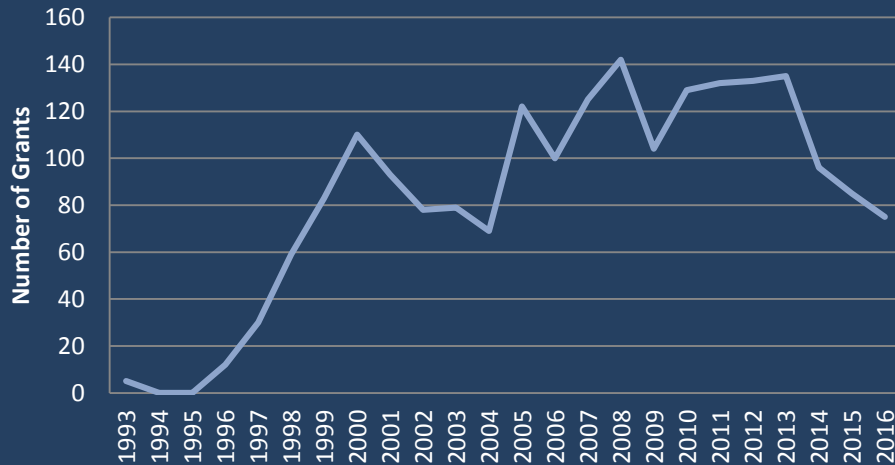

SEG Foundation

SEG Foundation Succeeds With Your Support

There is a continuing demand for well-prepared, young geoscientists to meet the needs of the minerals industry. SEG Foundation student programs are uniquely positioned to address this global need and have provided over US \$5 million in support of educational programs.

Funding our Future

SEGF Grants Awarded

Contributions go directly to students. Your pledge will make a difference in the development of new economic geologists.

Student Testimonials

“I would like to offer my heartfelt thanks and gratitude for the grant that will propel me into a long and fruitful career within the mineral exploration industry” - Jack Dann, M.Sc. Student, University of Ottawa, Canada

“I thank the SEG Foundation, as you have provided me with the ability to make a leap forward with my research and to extend my professional network with both academia and industry” - Sam Broom-Fendley, Camborne School of Mines, University of Exeter
