

# Program

Skarn Deposits workshop at the SEG 2017 Conference, Beijing

21 September 2017

8:30 – 10:30	Zhaoshan Chang <ol style="list-style-type: none"><li>1. Introduction, definition and mineralogy</li><li>2. Classification and terminology</li><li>3. Skarn-forming processes and evolutionary stages</li></ol>
10:30 – 11:00	Coffee break and sample inspection
11:00 – 12:00	Zhaoshan Chang <ol style="list-style-type: none"><li>4. Zonation in skarn systems</li><li>5. Factors affecting the formation of skarns and zonation patterns</li></ol>
12:00 – 13:30	Lunch break
13:30 – 15:00	Larry Meinert <ol style="list-style-type: none"><li>6. Skarn examples</li></ol>
15:00 – 15:30	Coffee break and sample inspection
15:30 – 16:30	Larry Meinert <ol style="list-style-type: none"><li>6. Skarn examples</li></ol>
16:30 – 17:00	Sample inspection
17:00 – 17:30	Zhaoshan Chang <ol style="list-style-type: none"><li>7. Exploration</li></ol>

**Location:**

Room 716, Yifu Building, China University of Geosciences, Beijing, China (Map shown in the next page)

**Tools:**

There will be samples for inspection. Please bring your hand lens, scribe, magnetite, and if possible, an acid bottle.

Location of the Yifu Building in China University of Geosciences, Beijing:
