Future plans

Most of the activities that were supposed to be completed this year, were not completed due to the following reasons:

- The COVID-19 2nd mass outbreak in Namibia, the chapter had very limited activities to carry out.
- Mine visits – due to COVID-19 students were restricted from visiting mines and being on campus premises
- Field trips - Lack of funding. The society failed to apply for the first round of SEG Funding program (Stewart R. Wallace Fund).

(The activities that failed to be completed in 2021 will be carried out during the course of the 2022 academic year)

- The chapter will apply for the second round of the SEG Funding program (Stewart R. Wallace Fund) to obtain partial financial support for next year field trips, mine visits, fund-raising activities, and other activities.

New executive committee

The society initiated the nomination of new executive members on the 4th of October 2021, with the introduction of two new executive positions, namely, 1st and 2nd representatives.
